All Le Jardin families welcomed November and celebrated Thanksgiving with a Turkey Contest.

Parents and teachers got creative and made turkeys out of recycled materials such as milk jugs, paper rolls, water bottles, and even boxes! The most creative turkeys won a prize!

Books Come to Life

Celebrating and promoting literacy with our annual Books Come to Life event at Center 2!

We celebrate Books Come to Life to promote literacy awareness across the curriculum. While reading and writing are huge parts of literacy, children develop literacy skills before they can even speak. By understanding words and language, they're using the building blocks of literacy! Literacy development, especially at this age, sets the stage for school readiness and a child's future success!

Parents play a vital role in bringing the power of language to children! When parents help children watch, listen, understand, and speak they are helping them develop the skills they need.

To celebrate Books Come to Life, each classroom dressed up according to the theme of the classic storybook they chose. Chosen books included, *The Lorax*, *Horton Hears a Who*, *101 Dalmatians*, *Who Will Be My Mother*, and *The Cat In The Hat*, among others.

Parents and teachers collaborated to make the elaborate costumes and headpieces the little ones wore on stage when they presented their books to their peers!

The article focuses on the grand opening of Le Jardin's 8th center, located inside Harris Field, and upcoming projects that will benefit the community.

Le Jardin Community Center sirviendo y creciendo

Among the projects highlighted are Le Jardin's Mobile Units dedicated to Health and Mental health. These units are scheduled to come online early in the year and will serve to provide much-needed services to Le Jardin children and families as well as the homestead Community.

“Our objective is to phase the families out of poverty and set them up for success. Planning for more expansion is underway, and the future could see the addition of a Wellness Center and even some Youth Sports leagues. We want to reaffirm to the community that Le Jardin is a valuable asset,” mentioned Executive Director, Eduardo Berrones

Guatemalan Mobile Consulate Event

On Saturday, December 4, and Sunday, December 5, we had the pleasure of welcoming the General Guatemalan Consul in Miami, Rosa Merida de Mora, and the rest of the Consulate team to host a Mobile Consulate to provide services to the Guatemalan community. The event took place in Le Jardin's newest center in Harris Field.

Over **400** Guatemalans took advantage of the services offered over the two-day weekend traveling from as far as Georgia, South and North Carolina, and Jacksonville.

Services included Passports, Identification Cards, Legal Services, as well as Civil Registry.

Our partnership with the Guatemalan Consulate came to fruition earlier this year after they diligently helped a Le Jardin parent. Le Jardin serves over 200 Guatemalan families and understands these services are critical in our community and will be working with the Consulate to host another Mobile Consulate event in 2022.
